ADDENDUM TO PROOF OF CLAIM OF ÅLANDSBANKEN SVERIGE AB (PUBL)

1. This Proof of Claim is, and shall be deemed to be filed, submitted and asserted by Ålandsbanken Sverige AB (publ) (Swedish organizational number 593200-1745) ("ÅBS"), as the authorized representative of, and on behalf of certain customers of ÅBS (the "Noteholders," and collectively with ÅBS, the "Claimant") who have directly or indirectly acquired securities (the "Securities") issued by Lehman Brothers Treasury Co. ÅLANDSBANKEN

3.7 Taxes, etc.

The Client shall be responsible for taxes and other dues payable according to Swedish or foreign law in respect to securities recorded in the Custody Account, for example preliminary tax, foreign withholding tax and Swedish coupon tax on dividends.

The Company may, in accordance with Swedish/foreign law, Swedish/foreign public authorities' regulations or decisions or the Company's agreement with Swedish/foreign authorities, be obliged on account of the Client to take measures concerning tax based on dividends/interest/disposals concerning the Client's securities. It is incumbent upon the Client to provide that information, including written documentation, which the Company deems to be necessary in order to fulfil such obligation.

If the Company, as a result of the obligations according to the section above, has paid tax on behalf of the Client, the Company may recompense itself for the equivalent amount in the same manner as set out in section 4.4.3.

The Company shall, if the Client specifically requests, endeavour to assist in achieving a reduction or restitution of tax and payment of the balance with the tax authorities, if the right thereto exists and if the Company considers it feasible in practice and expedient. The Company may in this connection sign on behalf of the Client and also provide information, to the extent necessary, concerning the Client and the Client's securities.

In such circumstances, compensation is paid out by the Swedish Deposit Guarantee Board, without the necessity of making special application, as a general rule not later than three months from the date of the insolvency order.

In the event of the Company's insolvent liquidation and where the Client is not able to withdraw financial instruments deposited with the Company, the Client has the right to individual compensation in a total amount not exceeding SEK 250,000 in terms of the Act on Investor Compensation Scheme (1999:158) providing investor protection. Such compensation can also include liquid funds for which the Company is accountable. Not later than one year from the date of the insolvency order a Client seeking compensation must submit a demand to the Swedish Deposit Guarantee Board, which pays compensation following an assessment.

3.10 Limitation of the company's responsibilities

The Company shall not be held responsible for any loss or damage resulting from a legal enactment (Swedish or foreign), the intervention of a public authority (Swedish or foreign), an act of war, strike, blockade, boycott, lockout or any other similar circumstance. The reservation in respect of strikes, blockades, boycotts and lockouts shall apply even if the Company itself takes such measures or is the subject of such measures.

Any loss or damage that may occur in other circumstances shall not be indemnified by the Company provided the Company has observed general standard of care.

The Company shall not be responsible for any loss or damage caused by any of the following - Swedish or foreign - execution venue, custodian, central securities depository, clearing organisation, or others who provide equivalent services or by a contractor that the Company has employed with due care or that has been recommended by the Client. The aforementioned applies to loss or damage caused by the insolvency of any of the organisations referred to above or a contractor. The Company shall not be responsible for any loss or damage that occurs for the Client or any other party on account of restriction of disposal that may be applied against the Company in respect of financial instruments.

The Company shall not accept responsibility for indirect loss or damage unless such indirect loss or damage is caused by the Company's gross negligence.

Where a circumstance as referred to in the first paragraph in this section should prevent the Company from entirely or partly carrying out any measure to be taken in accordance with these General Conditions or buy/sell commissions in respect of financial instruments, fulfilment may be postponed until the obstacle no longer exists. If the Company as a consequence of such a circumstance is prevented from making or receiving payment/delivery, the Company and the Client respectively shall not be obliged to pay interest.

What is stated above shall apply, subject to the provisions of the Act (1998:1479) on Registering of Financial Instruments.

3.11 Changes in the general conditions

Any changes in these General Conditions or in the Company's fees shall apply to the Client from and including the thirtieth day after the Client shall be considered, in terms of section 3.3, to have received notice of the change. Should the Client not accept the change, the Client has the right within the time mentioned to terminate the Custody & Cash Account Agreement

according to these General Conditions without observing the time for giving notice of termination specified in section 4.7.3.12 Applicable law

Interpretation and application of the Custody & Cash Account Agreement and the General Conditions Governing Custody & Cash Account Services shall be according to Swedish Law.

4. General conditions

4.1 In terms of these General Conditions, financial instruments entered in book-entry systems at a central securities depository (CSD) or the equivalent - for example, in Vp-accounts with the Swedish Central Securities Depository, VPC AB (VPC) - shall be regarded as having been received when the Company has been put in a position to register, or cause to be registered, information concerning the instrument in such a system. Other securities are regarded as having been received when they have been delivered to the Company. Securities received, which have been issued in document form, shall be held in Custody Account by the Company on behalf of the Client provided that the securities have been accepted with reference to the paragraph above..

4.2 Recording and holding in custody account etc

4.2.1 Recording and holding in custody account

The Company shall, under its custody arrangements, record such securities that have been received by the Company for holding, etc. while in Custody Account. The Company reserves unto itself the right to give consideration to the receipt of certain securities, see also section 4.7.2. If the Client has several custody accounts with the Company and the Client has not instructed the Company in which Custody Account a particular security shall be recorded, the Company may decide upon the Custody Account in which the record shall be made.

The Company may cause the Client's securities to be registered and, where applicable, deposited with another securities institution in Sweden or abroad, a so-called custodian. The choice of custodian is at the Company's discretion. Securities deposited with a custodian are normally held in the Company's name on behalf of the Client. The Client's securities may thereby be registered together with the securities of other holders. The Company may also permit the Client's financial instruments to be included in a single document common to a number of owners. The Company may instruct a custodian to allow itself to be registered in place of the Company in respect of the Client's securities. The Client is aware and acknowledges that the Client's securities may be held in an omnibus account with the custodian. Whether or not the Client has a protected property law right of separation in the event the Company or the custodian is placed into insolvent liquidation or affected by another measure with a similar legal effect may vary and depends on applicable legislation. Separation rights apply in Sweden on condition that the securities are held separately from the custodian's or the Company's own securities.

In conjunction with registering and holding at custodians abroad, as a result of applicable foreign law, it may be impossible to identify the Client's securities separately from the custodian's or the Company's own securities, whereupon the Client's securities, in conjunction with an insolvency situation, could be deemed to be included in the assets of the custodian or the Company.

A custodian may have security in, or set-off rights concerning, the Client's securities and claims connected thereto.

The Company undertakes no examination into the authenticity of the Client's securities.

The Company is entitled to reasonable time in order to effect the recording, delivery and transfer of securities.

The Company reserves the right to withdraw securities from the Client's Custody Account when the issuer of the securities has gone into bankruptcy or the securities have become valueless for another reason. If possible, the Company shall then seek to register the securities in the Client's name with the authorised registrar.

4.2.2 Nominee registration (or the equivalent)

The Company, if acting in a nominee capacity, may allow securities received to be registered in its own name with that entity in Sweden, for example VPC, or abroad which undertakes the registration of the instrument. Accordingly, the Client's financial instruments may be registered together with other owners' financial instruments of the same class. The Company may also allow the Client's financial instruments to be included in a single document common to a number of owners. The Company may instruct a custodian to allow itself to be registered in place of the Company in respect of the Client's financial instruments.

4.3 The company's undertakings concerning securities

4.3.1 General

The Company undertakes to carry out on behalf of the Client the measures as are set out in section 4.3.2-4.3.4 below in respect of securities received.

The undertaking comes into effect - if nothing to the contrary appears hereunder or has been specially agreed - for Swedish financial instruments registered with VPC from and including the fifth, and for the remaining Swedish securities and for foreign financial instruments from and including the fifteenth, banking day after the securities have been received by the Company. Accordingly, the Company is not obligated to take notice of any time limits that expire prior to that time.

ÅLANDSBANKEN

The Company undertakes the measures set out below subject to the condition that the Company has received adequate information in good time concerning the circumstances giving rise to the measures through notice from the Client, custodian, issuer, VPC or other central securities depository.

The issuer is responsible for the distribution of annual reports, interim reports, prospectuses and other information. If the Client indicates in the Custody and Cash Account Agreement that annual reports, etc. are desired from a VPC registered issuer in which the Client holds securities recorded in the Custody Account, the Company, at the issuer's request, may provide via VPC the Client's name and address details. The issuer normally distributes annual reports, interim reports and the like. Prospectuses and other information concerning offers are not normally distributed. Instead, the Company provides the Client with a summary of the offer. At the same time, the Client receives directions as to where more information regarding the offer can be obtained.

The Company may fully or partly refrain from taking a measure if there are not sufficient funds on a Cash Account connected to the Custody Account, or if the credit limit, if any, is insufficient to allow for such measure to be taken or if the Company has not been furnished with that information necessary for the measure to be taken.

The Company may, on its own initiative and at its own discretion in each specific case, irrespective of what is stated in sections 4.3.2 and 4.3.3 below, on the Client's behalf take or omit to take measures detailed in the points mentioned if the Company has specified this in a notification concerning such measures to the Client and if the Client has not instructed otherwise within the response period given in the notification. The Client is bound by a measure taken or omitted to be taken by the Company in the same way as if the Client had instructed that the measure should be taken or not taken.

The Company and the Client can agree that the Company shall act in another manner than what the Company should otherwise do according to sections 4.3.2.2 and 4.3.3 below. If the question concerns subscription/additional purchase or the sale of the Client's rights, such an agreement cannot be made after that point in time when the Company concerned has the intention to carry out the subscription/additional purchase or sale of the Client's rights. That point in time, mostly with respect to the remaining time for trading in the rights, occurs regularly before the official last point in time for subscribing.

On the Company's sale of rights according to the terms hereunder, the sale may be combined for several Clients and, where applicable, in accordance with the Company's special Policy regarding execution of orders and aggregation and allocation of orders applicable from time to time. In such circumstances, the funds shall be distributed proportionally between the Clients.

If, according to the applicable law or rules for an issue or an offer, the Client does not have the right to exercise those preferential rights which result from the Client's holding of certain financial instruments, the Company may sell those preferential rights.

4.3.2 Swedish financial instruments

As regards Swedish financial instruments the Company's undertaking - with the possible variation that can result from what is stated in section 4.3.1 - covers the following measures. In this section 4.3.2, "Swedish financial instruments" means financial instruments that are issued by issuers whose registered offices are located in Sweden and that are registered in accordance with the Registration of Financial Instruments Act (1998:1479) and traded on a Swedish marketplace.

4.3.2.1 Regarding Swedish financial instruments, Ålandsbanken's obligations encompass the following measures

- to receive dividends and interest. If the Client has the choice of receiving a dividend in cash or in another form, Ålandsbanken may choose to collect the dividend in cash if the Client has not explicitly instructed otherwise;
- to subscribe on behalf of the Client for a new share issue of shares admitted to trading on a regulated market and the issuance of bonds/promissory notes in which the Client has a preferential right which may be traded on a capital market and to take all necessary related measures. In the event the Client has not provided any instructions, Ålandsbanken may subscribe for such shares and bonds/promissory notes for the account of the Client, unless otherwise instructed or Ålandsbanken in a particular case notifies the Client otherwise. Ålandsbanken will hereby seek to make such purchases of subscription rights which are necessary in order to acquire all of the subscription rights to which the Client is entitled based on the financial instruments recorded in the Custody Account and subscribe thereafter towards all of the subscription rights available to the Client;
- notify the Client of any public offer for the acquisition of financial instruments, directed to the Client by the issuer (redemption/buy-back) or by any other party (buyout) and regarding which the Company has received information in the manner described in section 4.3.1, or by notice appearing in the daily newspapers Dagens Nyheter or Svenska Dagbladet and, after specific instructions by the Client, to assist in taking any action required in connection therewith. (See also 4.3.2.5) The same applies with any public offer regarding the purchase of shares directed to the Client.

4.3.2.2 As regards shares the Company undertakes to (in addition to 4.3.2.1 above) receive dividends, if the Client has the choice of receiving a dividend in

cash or in another form, the Company may choose to collect the dividend in cash if the Client has not explicitly instructed otherwise;

- subscribe on behalf of the Client for such shares as regards a rights issue of shares admitted to trading on a regulated market in which the Client has a preferential right if nothing else has been agreed. The Company shall thereby make such additional acquisitions of subscription rights as may be necessary in order to acquire all of the subscription rights to which the Client is entitled based on the financial instruments recorded in the Custody Account and subscribe thereafter towards all of the subscription rights available to the Client. However, no subscription is made if the Company - at that point in time when the Company, with regard to the remaining time for trading in the subscription rights, intends to execute the subscription rights - finds that the subscription price is not lower than the actual market price. The Client can, however, insist on the subscription being undertaken nevertheless;
- subscribe on behalf of the Client for such shares as regards a rights issue of other shares in which the Client has a preferential right and which are covered by this section 4.3 unless otherwise agreed. The Company shall thereby seek to make such additional acquisitions of subscription rights as may be necessary in order to acquire all of the subscription rights to which the Client is entitled based on the financial instruments recorded in the Custody Account and subscribe thereafter towards all of the subscription rights available to the Client. However, no subscription is made if the Company - at that point in time when the Company, with regard to the remaining time for trading in the subscription rights, intends to execute the subscription rights - finds that the subscription price is not lower than the actual market price. The Client can, however, insist on the subscription still being undertaken;
- purchase where a bonus issue is concerned regarding shares admitted to trading on a regulated market such fractions as may be necessary so that all fractions to which the Client is entitled, based on the securities recorded with the Company, are used in full in the bonus issue and record such number of new shares as the Client thereafter is entitled to;
- seek to purchase where a bonus issue is concerned regarding other shares covered by this section 4.3 such fractions as may be necessary so that all fractions to which the Client is entitled, based on the securities recorded with the Company, are used in full in the bonus issue and record such number of new shares as the Client thereafter is entitled to;
- notify the Client of any compulsory redemption in the case of shares in the VPC registered companies;
- receive or collect, in the case of shares in the VPC registered companies, capital as well as other sums due where there is a reduction in share capital, redemption or liquidation; and
- register on behalf of the Client the voting rights in the Client's name in respect of shares registered in nominee name with VPC, on the condition that such registration of voting rights may take place in accordance with prevailing procedures at VPC concerning the registration of voting rights and on the condition that the instructions are received by the Company at least five banking days prior to the last date for registration in the share register in order to secure the right to participate in the shareholders' meeting. If the Custody Account is held jointly in the name of two or more parties and the instructions do not specify in whose name the shares shall be registered, registration for voting rights shall be carried out in accordance with each party's respective shareholding. Share voting rights are not registered in respect of excess shares¹.

4.3.2.3 As regards warrants in respect of subscription rights, the Company undertakes to (in addition to 4.3.2.1 above)

- notify the Client in good time of the last date for share subscriptions and, after specific instructions by the Client, to arrange for supplementary purchases of warrants and arrange subscription for new shares. Unless otherwise instructed, at the latest three banking days prior to the last date for trade in such warrants, the Company shall - if the Company considers it feasible in practice and expedient - sell the warrants which are not taken up.

4.3.2.4 As regards purchase rights, the Company undertakes to (in addition to 4.3.2.1 above)

- notify the Client in good time of the last date for notification of purchase and, after specific instructions by the Client, to arrange for supplementary purchases of the purchase rights and to give notification of purchase. Unless otherwise instructed, at the latest three banking days prior to the last date for trade in the purchase rights, the Company shall - if the Company considers it feasible in practice and expedient - sell the purchase rights which are not taken up.

¹ Alternatively, if it is the Company's intention to have registration of voting rights on an ongoing basis or if registration of voting rights covers several holders at once, the Company can arrange to have registration in the name of a certain person of the Company's choosing.

ÅLANDSBANKEN

4.3.2.5 As regards redemption rights, the Company undertakes to (in addition to 4.3.2.1 above)

- notify the Client in good time of the last date for notification of redemption and, after the special instructions of the Client, seek to execute the supplementary purchase of redemption rights and give the requisite notification of redemption. Unless otherwise instructed, at the latest three banking days prior to the last date for trade in the redemption rights, the Company shall - if the Company considers it feasible in practice and expedient - sell the redemption rights which are not taken up.

4.3.2.6 As regards Swedish "depository receipts" concerning foreign shares, the Company undertakes to (in addition to 4.3.2.1 above)

- render the equivalent services as for Swedish shares according to the above if the Company considers it feasible in practice and expedient.

4.3.2.7 As regards debt instruments and other promissory notes that are negotiable on the capital market, the Company undertakes to (in addition to 4.3.2.1 above)

- receive and collect interest and capital or other sums which with redemptions, lottery drawings or cancellation fall due for payment after the debt instrument is received;
- collect prizes drawn on premium bonds according to the lottery list, in connection with drawings which have taken place after the premium bonds are received by the Company, and to notify the Client of exchange of such premium bonds and to assist the Client in taking any measures required in connection therewith;
- notify the Client in good time as regards convertible instruments and other convertible debt instruments of the last conversion date and, after specific instructions by the Client, to arrange for conversion;
- notify the Client regarding any notice being given of a creditors' meeting with respect to debt instruments/promissory notes in which the Client is a holder and of which the Company has received information in the manner described in section 4.3.1 forth paragraph or through notices in Dagens Nyheter or Svenska Dagbladet, and after taking the Client's specific instructions, assist the Client with the desired measures to be taken in connection therewith.

As regards financial instruments, which are not covered by sections 4.3.2.2 - 4.3.2.8 above

such as options, futures and mutual fund units, in the case of the last, the Company undertakes to collect dividends, and in addition to carry out any other measures the Company has agreed to undertake by special agreement with the Client.

As regards other financial instruments issued by an issuer whose registered office is located in Sweden and admitted to trading on a regulated market outside Sweden, what is stated below in section 4.3.3 concerning foreign financial instruments applies, instead of what is stated in 4.3.2.2-7 above.

4.3.3 Foreign financial instrument

As regards shares and debt instruments which are not covered by section 4.3 above and which are admitted to trading on a regulated market within the EEA or on an equivalent market outside the EEA, the Company shall render - with those possible exceptions which can result from what is stated in section 4.3.1 sixth paragraph the same services as in respect of equivalent Swedish financial instruments - with the exception of the special undertakings regarding convertible instruments/other convertible debt instruments/promissory notes/debt instruments, as stated under sub-section 4.3.2.7 where the Company considers this is feasible in practice and expedient. In connection herewith the Client should be particularly aware of certain foreign shares registered with VPC for which, due to restrictions in VPC's obligations, there are constraints regarding the shareholder's option to exercise some rights e.g. to participate in general meetings and to participate in issues as well as being informed thereof. Such foreign shares are traded on separate lists, e.g. "Xterna listan" on Stockholmsbörsen.

As regards foreign financial instruments other than those set out in the previous section, the Company's undertakings shall only include such undertakings as have been subject to separate agreement between the Company and the Client.

When the measure concerns foreign financial instruments, the Client fully acknowledges that the Client's rights may vary depending on the jurisdiction applying to such financial instruments. The Client is also aware and acknowledges that, where the measure relates to a foreign financial instrument the Company may often have to apply different time limits, vis-à-vis the Client, than those applicable in the country where the measure in question should be taken.

4.3.4 Swedish and foreign documents of value

As regards Swedish and foreign documents of value, the Company's undertakings - with those possible exceptions which can result from what is stated in section 4.3.1 sixth paragraph - are to do what the Company has taken upon itself to do by separate agreement between the Company and the Client.

4.4 Cash accounts connected to the custody account and credit facility

4.4.1 One or several Cash Accounts are connected to the Custody Account. Unless otherwise agreed, one connected Cash Account shall be maintained in Swedish kronor.

4.4.2 The Company may credit a connected Cash Account with funds which represent an advance payment for purchase orders or settlement for sales orders (or equivalent), the yield on securities serviced as well as funds which the Client otherwise passes over to the Company or which the Company receives on behalf of the Client and which are related to the Custody Account, unless the Client has instructed the Company another Cash Account to be credited.

4.4.3 The Company may debit a connected Cash Account in respect of amounts which the Client may have instructed or has accepted and in respect of outlays, costs or preliminary tax related to the connected Cash Account or the Custody Account. The Company may also debit a connected Cash Account with amounts representing outlays, expenses and fees for any other commissions which the Company may have undertaken for the Client, and also payments in respect of any other due claims which the Company may have on the Client from time to time.

4.4.4 Funds on foreign currency remitted or received by the Company on account of the Client shall be exchanged into Swedish kronor, using the Company's from time to time applicable exchange rate, prior to a connected Cash Account being debited or credited - unless otherwise agreed or provided that none of the Cash Accounts concerned are maintained in that specific foreign currency.

4.4.5 If the Client, in connection with that a Custody & Cash Account Agreement has been entered into, applies for credit via specifically stating this according to what is provided in greater detail in the first page of the Custody & Cash Account Agreement, Ålandsbanken will review the credit application and notify the Client of its credit decision and any credit limit allowed. A credit limit granted means that the Client receives the right to conduct transactions in financial instruments registered on the custody account or an associated account against the receipt of credit up to an amount which corresponds to the then current collateral value of the assets in the custody and in the associated accounts,² however never exceeding the amount of the credit limit as notified.

When Ålandsbanken makes its credit granting evaluation of the Client, Ålandsbanken will look at among other things the collateral value of the assets in the custody and associated accounts and the information which the Client provided in the appendix to the Custody & Cash Account Agreement. If the Client has, according to a special agreement, pledged the list of financial instruments and/or assets in the custody and associated accounts for obligations other than the Client's credit (for example trading with derivative instruments) these obligations will however, according to the policies which Ålandsbanken is then applying, be taken into consideration in the assessment of the amount of the credit allowed.

The Client's credit granted according to these conditions is available until further notice, with Ålandsbanken retaining the right to revoke the credit and require repayment upon a one month notice. In the event of notice termination of the Custody & Cash Account Agreement according to point 4.7.3, the first or third paragraph below, if the Client is not a private individual the credit will be due for repayment at the time of the termination of the Custody & Cash Account Agreement.

Regarding any granted and unutilized credit limit, Ålandsbanken is entitled without prior notice to the Client to immediately revoke the unutilized credit limit or a part of the unutilized credit limit. If such a revocation of an unutilized credit limit occurs, Ålandsbanken will notify the Client.

4.4.6 The collateral value of the assets in the custody and associated accounts is calculated by Ålandsbanken in accordance with the rules which Ålandsbanken has adopted, or will adopt, and applies for credit of the relevant kind. The Client may receive information from Ålandsbanken about the current collateral value, the current collateral value for a specific financial instrument in the custody account, or the collateral value for the respective position of an associated account.

It is the responsibility of the Client to

- keep themselves informed about the present total collateral value of the assets in the custody and associated accounts; and to
- ensure that no short fall in collateral (borrowing in excess of limit) occurs at any time, i.e. that, taking into consideration the other obligations for which the stated assets have been provided as security, that the credit extended may not at any time exceed total collateral value of the assets.

The Client can not in any respect avoid the liability for any short fall in collateral which may have arisen by asserting that they have not been informed by Ålandsbanken of the current total collateral value of the assets in the custody and associated accounts or about any short fall in collateral which has arisen.

If a short fall in collateral as described above nevertheless arises, the Client is obligated to immediately, and even in the absence of a demand from

² The collateral value of the associated accounts may be lower than their net value in the situation where Ålandsbanken has chosen, for instance, to value an associated foreign currency account at a collateral value lower than 100%.

ÅLANDSBANKEN

Ålandsbanken, pay the excess amount of the debt or to provide additional collateral to such extent so that no short fall in collateral continues to exist.

If such payment is not made or such provision of additional collateral is not made, the total amount owing on the Custody & Cash Account becomes immediate due for repayment. If the Client is a private individual, what will apply in the last mentioned case instead, is that Ålandsbanken may sell the securities provided as collateral to such extent so that the credit utilized no longer exceeds the credit which the Client is entitled to use.

4.4.7 rates that the Company applies from time to time in respect of accounts of a similar nature. For amounts owing on the connected Cash Accounts, interest will be charged in the first instance at the interest rate entered on the front page of the Custody & Cash Account agreement.

In determining whether there is a credit balance or an amount owing on connected Cash Accounts, each account is treated separately. This means, for example, that one connected Cash Account can be credited with interest whereas another connected Cash Account can be charged interest.

The interest rates may be changed with immediate effect following official rate changes, changes in the Company's funding costs or other cost increases for the Company. Changes in the interest rates for other

reasons may take place only from and including that day when the Company has informed the Client regarding changes in the interest rate.

If the Client by Swedish law is regarded as a consumer, instead of what is stated in the previous paragraph, the following shall apply in respect of interest on amounts owing on connected Cash Accounts, that the interest rate shall only be varied if caused by: official rate changes, changes in the Company's funding costs or other cost increase that the Company could not reasonably have foreseen when the Custody & Cash Account Agreement was entered into. Such change in the interest rate may take effect from and including the day when the Company has informed the Client.

Information concerning interest rates can be obtained from the Company. The interest on credit balances is calculated from and including the day after deposit until the date of withdrawal³. The interest on debit balances applies from the day when the debt arose up to and including the date of repayment⁴.

4.4.8 The Company has the right to charge interest on overdue amounts owing by the Client at such interest rate which by four percentage points exceeds the applicable interest rate according to section 4.4.7 above for amounts owing on a connected Cash Account.

4.5 Pledges

4.5.1 In addition to the provisions concerning pledges in sub-sections 4.5.2-4.5.9 below, there are also provisions in the Custody & Cash Account Agreement under the heading Pledging as well as under sub-section 4.4.5-4.4.6 above as well as under 5.3 sixth paragraph and 6.2 below.

4.5.2 The yield and all other rights based on the collateral are also covered by the pledge and constitute collateral.

4.5.3 The Company's undertaking in respect of pledged property in its role as pledge holder should not be more extensive than those stated under these conditions.

4.5.4 The pledge shall not constitute collateral for claims against the Client which the Company has acquired or may acquire from anyone other than the Client, if such claims either have no connection with the Client's trading with financial instruments or have not arisen through the Client's connected Cash Accounts being debited.

4.5.5 Should the Client fail to fulfil his/her obligations towards the Company under the conditions of this Custody & Cash Account Agreement, or otherwise arising from the Client's transactions in financial instruments, the Company may utilise the pledge as it deems it appropriate. The Company shall proceed with due care in this and shall notify the Client in advance, if this can be done in the Company's judgement without prejudice to the Company. The Company may determine the sequence in which the collateral pledged (pledges, guarantees, etc.) should be utilised.

In the performance of what has been stated above, the pledged securities may be sold in some other way than in the marketplace where the securities are admitted to trading.

If the pledge consists of a credit balance in the connected cash account, the Company may, without prior notice to the Client, reimburse itself for the amount due out of the funds on the account.

4.5.6 The Company is empowered, either in person or through the Company's nominee, to sign for the Client where this is necessary in order to utilise the pledge or otherwise to safeguard or exercise the Company's right to pledged property. Towards the same end, the Company may open a separate Custody & Cash Account and/or a Vp-account with the VPC or an account with some other

book-entry system. The Client cannot revoke such authorisation while the pledge is in force.

4.5.7 If a guarantee has been issued for the Client's obligations according to the Custody & Cash Account Agreement the following shall apply as regards the guarantor's right to property pledged by the Client solely or jointly with another according to the Custody & Cash Account Agreement.

Where the Company has utilised the guarantee, the pledge shall thereafter constitute collateral for the guarantor's right of claim (recourse) against the Client only if this has been stated in the guarantee. Such right is subordinate to the Company's right to the pledge.

If the pledge constitutes collateral for several guarantors' right of recourse, they have the right to the pledge in proportion to each and every right of recourse, provided nothing else to the contrary has been agreed.

The Company may, as long as the Company has not utilised the guarantee, release collateral which in the Company's judgement is not needed for payment of any amount which is due according to the Custody & Cash Account Agreement, without the guarantor's responsibility decreasing as a result thereof.

4.5.8 The Client may not, without the Company's prior consent, pledge to a third party property which is pledged according to these General Conditions and the Conditions of the Custody & Cash Account Agreement. Any such pledge to a third party shall be made in accordance with the Company's instructions using such form as has been approved by the Company. If any pledge is made which conflicts with these General Conditions, the Company has the right to terminate this Custody & Cash Account Agreement forthwith and notwithstanding the notice period stated in sub-section 4.7.3. below.

If the Client has pledged a security recorded in the Custody Account or funds on the connected Cash Account to another party, the Company may, regardless of the Client's objections, release or transfer the security or the funds on the Custody & Cash Account to the pledge holder or to a third party in accordance with the pledge holder's instructions. Notice of such release or transfer shall be sent to the Client.

4.5.9 The Client may not in any other way dispose of the pledged securities or funds covered in the Custody & Cash Account Agreement without the Company's consent in every individual case.

4.6 Trade with securities over the custody & cash account

On the Client's instructions - even in terms of what the Client and the Company may have agreed in a separate agreement on trading via electronic means - the Company will buy and sell securities and carry out other commissions concerning trading in securities on behalf of the Client. After fulfilment and if the necessary prior conditions exist, the Company records such transactions in the Client's Custody & Cash Account.

The Client is aware that the Company may record the Client's telephoned instructions to the Company regarding trading or concerning the Client's Custody & Cash Account.

The Client is bound by the Company's special Policy regarding execution of orders and aggregation and allocation of orders applicable from time to time, and the terms and conditions applicable from time to time for trading in each type of financial instrument when using the Company's services in respect of such instrument. It is understood that such conditions include the General Terms and Conditions for trading with financial instruments applicable from time to time, the terms and conditions of the Company's sales/purchase order documents, and the terms and conditions of contract notes prepared by the Company, as well as rules adopted by the Company, Swedish or foreign issuer, execution venue, clearing organisation or central securities depository. It is the Client's responsibility to keep updated and comply with such terms and conditions and rules.

In terms of the General Conditions for trading with financial instruments, the Company has the right to cancel purchases and sales, where the contract is made for the Client's account, to the same extent as the contract is cancelled by the actual execution venue. The same right exists if the Company in other circumstances finds that cancellation of the contract is called for where an obvious mistake has been made by the Company, market counter-party or by the Client personally or, if the Client through the order contravenes the applicable law or other statutes, or if the Client has otherwise contravened good practice on the securities market. If the cancelled contract has already been registered in the Client's Custody Account, the Company will correct the registration and inform the Client in accordance with section 3.5.

In the event of one of the parties being declared bankrupt or if the Client should be subject to company reconstitution, according to the Act (1996:764) governing Company Reconstitution, all outstanding obligations on account of trading in financial instruments shall be set off as between the parties and a balance struck as at the date of such occurrence. Whatever is due by one of the parties after such final settlement becomes payable immediately.

4.7 Miscellaneous

4.7.1 Erroneous entries in the custody & cash account, etc.

If the Company, in error, should record securities in the Client's Custody Account or erroneously deposit funds on the connected Cash Accounts, the Company has the right to reverse the wrong entry or deposit in question. If the Client should have accessed the erroneously entered securities or the funds

³ For the user of the Finess(Wizer)-system the applicable interest rate on balances applies; "Interest on the credit balances is calculated from the day after deposit until and including the date of withdrawal".

⁴ Interest is capitalised quarterly/half-yearly by the accrued interest for the quarter/half-year being added to the credit balance or to the amount owing on the account.

ÅLANDSBANKEN

credited in error, the Client shall immediately return the securities or repay those funds received from the sale or from the deposit to the Company. If the Client neglects to do this, the Company has the right, where it concerns the Client's disposal of the securities, to buy in the securities in question and charge the Client's connected Cash Account with what it costs the Company to do so and, where it concerns the disposal of the funds, to debit the Client's Cash Account with the amount in question.

If the Company has taken corrective action, as above, the Company shall immediately notify the Client accordingly. The Client does not have the right to make any claims against the Company in connection with such a mistake.

The terms of the foregoing two paragraphs apply even when, in other circumstances, the Company has recorded securities in the Custody Account or deposited funds on the connected Cash Account that did not relate to the Client.

4.7.2 Refraining from the undertaking, etc.

The Company reserves unto itself the right to refrain from any undertaking under these General Conditions, as it concerns a Swedish financial instrument registered with the VPC within five banking days and for any other Swedish security and a foreign financial instrument within fifteen banking days after receipt of the securities by the Company. For surrendering/transferring the security in question, what is stated in section 4.7.3. that defines surrender/transfer on termination shall apply.

4.7.3 Termination

The Company and the Client can each terminate the Custody & Cash Account Agreement, to have effect thirty banking days after notice of termination has been sent by registered letter to the other party. On termination of the Custody & Cash Account Agreement the parties shall immediately settle their obligations. The Custody & Cash Account Agreement shall apply, nevertheless, where relevant, until the parties have fulfilled all their obligations to their counter-party. Further, the Company and the Client can each terminate the undertakings according to these provisions as pertaining to certain securities, on the same conditions as mentioned herein.

Irrespective of the provisions of the previous paragraph, either party may terminate the Custody & Cash Account Agreement with immediate effect if there has been a substantial breach of the Agreement by the other party. In this context, each breach where restitution has been requested but has not been made as soon as possible shall be regarded as a substantial breach of the Agreement. The Company may also terminate the Custody & Cash Account Agreement with immediate effect where changes concerning the Client's fiscal domicile result in the Company being no longer able to fulfil its obligations to take measures concerning tax according to what is stated in section 3.7. or where the fulfilment of such obligations has been made much more difficult.

On termination of the Custody & Cash Account Agreement, the Company shall surrender/transfer over to the Client all the securities recorded in the Custody Account or - if the termination relates to a specific security - that security. The Client shall give instructions to the Company regarding the surrendering/transferring. In the absence of such instructions within sixty calendar days after the day on which notice was given of the termination of the Custody & Cash Account Agreement or if such surrendering/ transferring cannot be fulfilled in terms of the instructions given by the Client, the Company shall

- concerning securities in document form, if nothing prevents delivery on legal or agreed grounds, with due care and at the Client's expense deliver the securities to the address known to the Company,
- concerning financial instruments which are registered according to the Act (1998:1479) on Registering of Financial Instruments; on account of the Client open a VP-account or the equivalent with the central securities depository to which to transfer the financial instruments, and
- concerning securities other than the above mentioned as well as securities in document form if the consignment turns out to be undeliverable; in such manner as the Company deems appropriate, to sell or in any other form dispose of the securities, also if the securities are of no value to either destroy or de-register the same. From the purchase price received, the Company may reimburse itself for the measures taken and for the winding-up costs. Any surplus shall be paid to the Client, while any deficit shall be immediately reimbursed by the Client.

4.7.4 Limitation of undertaking and matters concerning other agreements

The Company is not obligated to carry out any measures other than those specified in these General Conditions unless some other specific written agreement has been made. In the event of any inconsistencies between such agreement and the General Conditions, such specific agreement shall prevail.

5. General terms and conditions for trading in financial instruments

5.1 Orders

Unless otherwise separately agreed, a request ("request") from the client regarding the execution of a trade (an "order") means an undertaking for the securities institution (the "Institution") to seek to enter into an agreement on behalf of the client concerning trading in financial instruments in accordance with the terms and conditions provided by the client. Unless otherwise separately agreed, Ålandsbanken shall not provide any guarantee that an order will result in trading. Ålandsbanken shall execute orders in accordance with the

applicable market rules and good market practice. Ålandsbanken shall not be obliged to accept an order. Ålandsbanken shall be entitled to waive an order without providing reasons therefore where Ålandsbanken suspects that execution of the order would breach the provisions of legislation in force from time to time regarding insider dealing or market manipulation or otherwise contravene applicable market rules or, good market practice or where Ålandsbanken for any other reason finds that special reasons exist therefore. The client is aware that Ålandsbanken may record telephone calls in connection with the provision by the client to Ålandsbanken of orders or payment or delivery instructions.

5.2 Commission and acting as a Principal, etc.

Unless an agreement has been made to the contrary, the securities institution (the "institution") may carry out the client's order either through an agreement with a third party on behalf of the client but in the name of Ålandsbanken, i.e. on commission, or by Ålandsbanken itself acting as buyer or seller (what is commonly referred to as acting as a principal, in Swedish called "sälvinträde"). In the latter case, the provisions concerning acting as a principal in the Commercial Agents Act (1914:45) shall apply.

When acting as a principal, it will be stated on the contract note that the order has been carried out with Ålandsbanken acting as a principal.

Where the order is executed on commission through an agreement with a third party on behalf of the client and a legal person in Ålandsbanken's group or another of Ålandsbanken's clients is a buyer or seller, the contract note shall state that the order is executed on an internal basis unless the order is executed through a trading system that facilitates anonymous trading.

5.3 Execution of orders in other ways

Where the client's order is executed through an agreement directly with the Institute in a manner other than that stated in the previous paragraph, the contract note shall state that the order is executed on own account unless the order is executed within through a trading system that facilitates anonymous trading

Where the client's order is executed through an agreement with a third party on behalf of the client and a legal person in Ålandsbanken's group or another of Ålandsbanken's clients is a buyer or seller, the contract note shall state that the order is executed on an internal basis unless the order is executed through a trading system that facilitates anonymous trading.

Where, at the special request of a client, Ålandsbanken prepared a contract note without having bought or sold the financial instruments on behalf of the client, this shall be stated on the contract note, for example, by stating that Ålandsbanken only assisted in the exchange of funds and financial instruments.

5.4 Policy regarding execution of orders

Upon the execution of orders for clients who are treated by Ålandsbanken generally or in special cases as retail or professional clients, Ålandsbanken's special policy regarding execution of orders and aggregation and allocation of orders ("Description of order execution") applicable from time to time shall apply.

5.5 Execution of so-called "execution-only" services

Upon the execution and/or transmission of orders at the initiative of the client (so-called execution-only services) concerning non-complex instruments set forth in Chapter 8, section 25 of the Securities Market Act (2007:528) Ålandsbanken will not regularly assess whether the actual services or the financial instrument are appropriate for the client.

5.6 Purchase Orders

In accordance with that which is set forth in the contract note, and unless otherwise agreed, the purchaser shall pay the total amount stated in the contract note in Swedish kronor to Ålandsbanken not later than 08.00. on the morning of the settlement date.

Where the order has been carried out in a currency other than Swedish kronor, the currency shall be specified in the contract note. The exchange rate applied by the Institution shall be stated in conjunction with currency exchange.

Unless otherwise required by law, regulations of public authorities, special rules for the financial instrument in question, or a separate agreement with the purchaser, the financial instruments to which the order relates shall be transferred to the purchaser:

- by Ålandsbanken undertaking the registration measures which are required in respect of instruments which shall be owner-registered at a central securities depository or the equivalent, or instruments which shall be recorded on a custody account with the institution;
- in relation to instruments which shall be recorded on a custody account or the equivalent with another custodian institution, by the purchaser instructing that institution concerning the receipt of the instruments to which the order relates and
- by surrender to the purchaser in respect of instruments which are issued in document form.

Unless otherwise required pursuant to separate terms and conditions for the purchase, the Institution shall be entitled, in order to satisfy its claim, to debit

ÅLANDSBANKEN

the account designated by the purchaser with the Institution in respect of the total amount as set forth in the contract note.

If no such account has been designated or if funds are lacking on the designated account, any other account which the purchaser maintains with the institution may be debited. In addition, from the receipt of the order, the institution may reserve funds for such claim from an account maintained by the purchaser with the institution.

If the purchaser fails to fulfil his payment obligations to the institution, Ålandsbanken shall be entitled to charge interest on its claim until full payment has been made. Interest shall be calculated from the settlement date set out in the contract note, or from such later date on which the instruments became available to the purchaser, up to and including the date of actual payment. Interest shall be payable, for each week or part thereof during which the payment delay lasts, at an annual rate of interest which by eight percentage units exceeds the one week STIBOR rate (Stockholm Interbank Offered Rate), which is fixed two banking days before the first day of each such period. However, in respect of no day, shall interest be payable at a rate below the reference interest rate fixed by Sveriges Riksbank according to Section 9 of the Act on Interest Rates (1975:635) prevailing at any one time plus eight percentage units.

Ålandsbanken shall have a lien over the instruments purchased as collateral for its claim against the purchaser on account of the order. Ålandsbanken shall be entitled to undertake the necessary measures in order to obtain such a lien. If the purchaser fails to fulfil his payment obligation to Ålandsbanken, Ålandsbanken may in such manner, and at such time, as Ålandsbanken deems appropriate, sell the instrument concerned or undertake other dispositions in order to terminate the transaction. For such purpose, Ålandsbanken may sign on behalf of the purchaser and take any other measures as may be required in connection with the termination. Ålandsbanken shall be entitled to retain the proceeds from funds received which are necessary for payment of Ålandsbanken's claim together with interest thereon according to the above provisions together with compensation for Ålandsbanken's work and costs and, where applicable, for exchange rate losses.

Where, through such sale of other dispositions as aforesaid, the proceeds are insufficient to cover Ålandsbanken's total claim, the purchaser shall be liable for the difference together with interest thereon in accordance with the above. Ålandsbanken may also, in such case, debit an account that the purchaser has with Ålandsbanken in accordance with the procedure specified above.

Where, following a transaction, Ålandsbanken fails to fulfil its obligation to make the instruments available to the purchaser within a reasonable time, the purchaser shall be entitled to revoke the order and be released from his obligations in respect thereof.

That which is specified above shall in no way curtail the rights which Ålandsbanken may have according to law.

5.7 Sales Orders

Pursuant to the order, Ålandsbanken shall be afforded full rights of disposition in respect of the instruments to which the order relates.

Ålandsbanken shall be entitled to undertake the registration measures that are required where the instruments are owner-registered at a central securities depository or the equivalent, or recorded on a custody account with Ålandsbanken.

Unless otherwise agreed, in other cases the seller shall concurrently with placement of the order, undertake such measures as are required in order for Ålandsbanken to obtain an unrestricted right of disposition in respect of the instruments. In conjunction with the aforementioned:

- in respect of instruments recorded on a custody account or the equivalent with another custodian institution, the seller shall immediately instruct that institution to promptly transfer the instruments to which the order relates to Ålandsbanken; and
- in respect of instruments which are issued in document form, the seller shall surrender such documents to Ålandsbanken.

Where, either concurrently with the order or within any other time as may have been agreed, Ålandsbanken has not received full rights of disposition to the instruments, Ålandsbanken, in such manner as Ålandsbanken deems appropriate, fulfils the agreement towards the purchaser by making available to him other instruments of the same kind. The seller shall compensate Ålandsbanken for the costs connected therewith together with interest thereon calculated from the date when the costs occurred up to and including the date of actual payment. Interest shall be payable, for each week or part thereof during which the amount is outstanding, at an annual rate of interest which by eight percentage units exceeds the one-week STIBOR rate (Stockholm Interbank Offered Rate) fixed two banking days before the first day of each such period. However, in respect of no day, shall interest be payable at a rate below the reference interest rate fixed by Sveriges Riksbank according to Section 9 of the Act on Interest Rates (1975:635) prevailing at any one time plus eight percentage units. Furthermore, the seller shall compensate Ålandsbanken for Ålandsbanken's work and costs and, where applicable, for exchange rate losses. Ålandsbanken may debit such account with Ålandsbanken as may have been designated by the seller, in order to obtain payment of its claim on the seller. If no such account has been designated or if funds are lacking in the designated account, any other account which the seller has with Ålandsbanken may be debited.

In accordance with that which is set forth in the contract note and unless otherwise agreed, the seller shall receive the stated net amount from Ålandsbanken not later than 18:00 on the settlement date. Where the order has been carried out in a currency other than Swedish kronor, such currency shall be specified in the contract note. In conjunction with currency exchanges, the currency exchange rate applied by Ålandsbanken from time to time shall be stated. Where the seller has not, either concurrently with the placing of the order or at any other time as may have been agreed, undertaken the measures which are necessary in order for Ålandsbanken to obtain a full rights of disposition to the instruments to which the order relates, the seller shall obtain funds not earlier than the second banking day after the time that Ålandsbanken obtains access to the instruments, however, not earlier than the stated settlement date. Where the seller has undertaken the necessary measures later than 12:00 on a certain banking day, the measures may in certain cases be deemed to have occurred on the immediately following banking day.

In the event of a delay by the seller or where Ålandsbanken otherwise has reasonable grounds, Ålandsbanken shall be entitled to cancel the order and be released from its obligations in respect thereof.

Where the seller has undertaken the necessary measures in connection with the order but Ålandsbanken does not provide the funds pursuant to the order within a reasonable time following the transaction, the seller shall have the right to revoke the order and be released from his liabilities thereunder.

5.8 Foreign-related Transactions

Departures from the terms set out above regarding purchase and sales orders respectively may occur in connection with foreign-related transactions.

5.9 Annulment of Orders and Cancellation of Trades, etc.

Ålandsbanken shall be entitled to annul the client's orders or cancel trades executed on behalf of the client to the extent that the order is annulled or the trade is cancelled by the relevant securities exchange or execution venue. The aforesaid right shall apply in other cases where Ålandsbanken deems that annulment of an order or cancellation of a trade is required due to the fact that a manifest error has been committed by Ålandsbanken, a market counterparty, or the client itself, or where the client, in placing the order, has acted in violation of governing law or other regulations, or where the client has otherwise acted in violation of generally accepted practice on the securities market.

Where an order is annulled or a trade is cancelled, Ålandsbanken shall notify the client thereof without delay. Where, as a consequence of a suspension of trading, technical fault or suchlike, the execution venue has annulled all orders that are affected, Ålandsbanken shall inform the client only where Ålandsbanken does not place the order anew. Where orders are placed anew, such normally takes place subject to unchanged terms and conditions.

5.10 Complaints

Regarding Complaints and Rescission, see section 3.6 above.

6. Terms and conditions for Disposal Agreements

6.1 Introduction

A disposal agreement is entered into between and becomes binding via that the Client and Ålandsbanken, in connection with entering into a Custody & Cash Account Agreement, specifically state that a disposal agreement is entered into between the parties according to what is stated in greater detail in the Custody & Cash Account Agreement.

6.2 The Disposal Agreement

If the Client and Ålandsbanken have specifically stated that a disposal agreement will be entered into between the parties, an agreement is hereby entered into between the Client and Ålandsbanken about the right of Ålandsbanken to have at its disposal the financial instruments which belong to the Client.

In accordance with Chap. 3 of the Financial Instruments Trading Act (*lagen (1991:980) om handel med finansiella instrument*), the Client consents that Ålandsbanken is entitled in the following manner to use the financial instruments which the Client at any particular time has pledged to Ålandsbanken.

Ålandsbanken has the right to separate the pledged financial instruments from the obligation to which the pledge is collateral and in its turn pledge the financial instruments with a third party (re-pledge) or to assign the lien concerning these financial instruments to such third party. Such re-pledging or assignment may not be made for a higher amount or on more severe terms than what that applies with respect to pledge from the Client to Ålandsbanken.

ÅLANDSBANKEN

Description of order execution

1. Best Execution

When Ålandsbanken Sverige AB (publ) (hereafter the "Bank") carries out customer orders regarding financial instruments, the Bank does its best for it to be done according to the "best execution". To achieve the best possible execution results for an order, with observance of the order's nature and markets concerned, the Bank has a policy and follows tried procedures.

Upon execution the Bank takes many different factors into account, which not only include the price, but also factors such as transaction costs (for example costs for execution and costs for liquidation that has been transferred to the client), point in time, liquidity on the relevant market, order size and the financial transaction's nature. The nature of the transaction includes e.g. if the transaction is executed on a regulated market or OTC.

To be able to offer the best possible execution, the Bank decides at its own discretion, which factors can affect the transaction, and in what way.

The Bank pledges to execute orders on the behalf of customers in the best possible manner. The Bank considers that it has received an order and takes action for the customer when it has received an execution instruction that gives rise to a contractual or representative obligation on the part of the Bank towards the customer. These obligations arise as a result of the customer relying on the Bank safeguarding the customer's interests with regards to price and other transaction elements that can be influenced by the choices the Bank makes when it carries out an order.

There are times when the Bank does not carry out a customer order in the usual manner. This may for example be the case if the Bank has submitted an offer and the customer either accepts it or the Bank confirms the price to the customer and the customer accepts. Moreover, in certain special cases the Bank may agree with the customer on special terms and after the transaction confirm to the customer that the results agree with the terms.

The Bank's policy is to apply the same standard and use the same processes on all markets and for all financial instruments in which the Bank executes customer orders to the furthest possible extent. The markets, instruments and the types of orders that the customer can place with the Bank vary however, which means that many different factors must be taken into account when the Bank makes decisions regarding execution policy. There is for instance no formalised market or any formalised settlement procedure for OTC transactions. On certain markets price volatility means that the point in time for execution is the most important, while the best execution on other markets with low liquidity is simply that the order is carried out. In some cases the Bank's possibilities can be limited (there may only be one platform/market on which the Bank can carry out the order).

The Bank believes that financial instruments that are traded on one or more regulated markets or another place of trade should normally be traded at the best price on the market where the financial instrument's liquidity is the best. Therefore, when the Bank chooses between different possibilities, it will, considering the above, most often choose the most liquid alternative – of the markets on which the Bank trades – either to execute the order or determine a reference price (or the like) when the order is carried out outside of the technical system.

If the Bank is given specific instructions regarding a whole or parts of an order, e.g. to choose a specific trading place, the Bank will execute the order in accordance with the instructions. It should however be mentioned that specific instructions can prevent the Bank from applying its order execution policy which is designed according to "best execution". When the Bank follows the customer's instructions, it is considered to have undertaken reasonable measures to provide the best possible results with regard to the order or part of the order covered by the specific instructions.

2. Execution of orders regarding financial instruments that are primarily trades on external markets

This section applies to transactions in financial instruments that are traded with reasonable liquidity on a regulated market, Multilateral Trading Facility (MTF), or another organised place of trade. The section covers e.g.:

- Shares traded on a regulated market or MTF (e.g. shares traded on the OMX list).
- Derivatives traded on a regulated market or MTF (e.g. options, forward agreements listed on EUREX, OMX, LIFFE or CBO) and
- mutual fund units traded on a regulated market or MTF.
- The Bank will normally handle customers' orders regarding such financial instruments by:
- Immediately sending an order for execution to the market considered to provide the best execution in accordance with section 1 above.
- Aggregating the order with other orders (either other customers' orders or own transactions) in accordance with section 7 below and thereafter sending the aggregated orders for execution to the market considered to provide the best execution in accordance with section 1 above.
- Executing the order through several separate transactions on the market.

- Executing the order either against the Bank's own inventory or directly against another customer's order. In such a case, the execution is normally expected to take place at a price that reflects current market conditions.

3. Execution of orders regarding financial instruments that are not regularly traded on external markets

This section applies to transactions in financial instruments that are normally traded directly with a counterparty (OTC), e.g.:

- Bonds, treasury bills, and other money market instruments.
- OTC derivatives and other instruments created by us or another institution/another counterparty.
- Structured products.

In these cases, the Bank usually submits an offer to the customer and enters transactions against the Bank's own inventory. The price takes into account the current market price for the underlying asset (where appropriate) and the cost for the Bank's business model.

4. Execution of orders regarding fund units in investment funds that are not traded on a regulated market or MTF

The Bank will carry out orders regarding fund units in investment funds that are redeemed or are issued at Net Asset Value (NAV) through a transfer to the fund manager (or equivalent) that is responsible for the administration of the fund in question.

5. Summary of order execution policy

Below the Bank has compiled information regarding execution factors that the Bank takes into account when it selects which markets it will carry out customer orders on. The Bank has also identified the types of market places it will most often use and which the bank believes offers the best prospects of best execution.

If the Bank has not received instructions from the customer, it takes the following execution factors into account in the aim of determining how the order shall be executed:

- Price,
- Costs,
- Speed,
- Likelihood of execution or settlement,
- Order size,
- Order type,
- Other potential considerations that can be relevant to effective execution of the order.

If there are no special reasons to the contrary, the total compensation which can reasonably be achieved in a transaction determines where execution shall take place. In some cases the Bank may however consider other factors to be more important, e.g. if due to its size or nature the Banks believes an order can have a significant impact on the price or the likelihood of execution or settlement. Under certain circumstances and for certain products, costs, speed and liquidity can also determine how the customer's order is executed.

The Bank will determine the relative weight of each respective factor with the help of the following criteria:

- The customer's characteristics (including customer categorisation),
- The order's characteristics and nature, and if specific instructions have been provided,
- The characteristics of the financial instruments included in the order,
- The characteristics of the site of execution to which the order is sent (including the market's ability to handle complex orders, their credit worthiness and the quality of potentially related clearing and settlement facilities).

For all products on which the Bank carries out customer orders, in its order policy the Bank has selected such markets that make it possible for the Bank to continuously achieve the best possible execution results. In the aim of fulfilling its obligation to undertake all necessary measures to continuously achieve the best possible execution results, the Bank may use one or more of the following markets when it executes an order for a customer:

- Regulated markets.
- Multilateral Trading Facilities (MTF).
- Systematic internal traders.
- The Bank's own inventory.
- Third parties and/or branches that function as a market maker or another supplier of liquidity.
- Units outside of the EU that carry out similar functions.

ÅLANDSBANKEN

The Bank will determine which markets on this list are most likely to provide the customer the best results on a product basis. For some financial instruments, there may only be one site of execution and upon execution of trade under such circumstances the Bank presupposes that it has provided the best results with respect to these types of financial instruments.

Orders may be carried out outside a regulated market or MTF if the Bank believes doing so will provide the best possible results.

6. Receipt and forwarding of orders or order placement

Unless the Bank has received specific instructions, it has an obligation to undertake all reasonable steps to achieve the best possible results for the customer (i) when the Bank transfers orders from a customer or another trader/the Bank's branch for execution or (ii) places an order at other units for execution as a result of the Bank's decision to trade in financial instruments for the customer. The Bank will therefore either determine a final market for the order on the basis of its order execution policy as per the above and thereafter provide specific instructions to the other trader/branch office, or itself verify that the other trader/branch office has what is required for the Bank to be able to fulfil its obligation towards the customer. In those cases the Bank transfers or places orders with other brokers/branch offices, the Bank monitors their execution standard.

7. Aggregation and allocation of orders

The Bank will carry out the customers' orders quickly, effectively and accurately. Comparable customer orders will be carried out immediately and in the time order in which they were received unless this is made impossible by the order's characteristics or current market conditions, or if anything else is required due to the customer's interests. The Bank may combine the order with other customer orders or its own transactions. Aggregation of orders can be detrimental with regard to a single order. The Bank will only aggregate orders if it is unlikely that the aggregation may be generally detrimental to an individual customer whose orders are included.

An aggregated order that is carried out in its entirety will be allocated at the average price. If an aggregated order can only be partially executed, that part that can be executed will be proportionally allocated at the average price and in accordance with the Bank's internal instructions. If upon execution a customer order has been aggregated with an order on the part of the Bank and it can only be partially executed, the customer normally has precedence ahead of the Bank upon allocation.

8. The effects of market disruptions, system errors etc.

Upon disruptions in the market or in the Bank's own systems, due e.g. to outages or insufficient availability in technical systems, it may in the judgement of the Bank be impossible or inappropriate to carry out orders in

any of the ways stated in this policy. The Bank will then undertake all reasonable steps to achieve the best possible results for the customer in another way.

9. Oversight and audit

The Bank monitors the effectiveness of its execution procedures and execution policy to be able to identify and, if necessary, correct potential deficiencies. The Bank regularly assesses if the markets included in the order execution policy provide the best possible results for its customers or if the Bank must make changes to its procedures. The Bank revises its order execution procedures and order execution policy regularly and at least once annually or when a substantial change occurs that affects its ability to continue to continuously obtain the best possible results for the execution of customer orders on the markets included in its order execution policy. The Bank will inform the customers of potential substantial changes in its order execution procedures or order execution policy as per above. Changes of this document will be made available on the Bank's Homepage. Changes will enter into effect from the date they were published on the Homepage.

This indemnity constitutes a separate and independent obligation from the other obligations in this Guarantee, gives rise to a separate and independent cause of action and will apply irrespective of any indulgence granted by the Holder(s), the Accountholder(s) or any other person.
- 3. **STATUS**
 - 3.1 The claims of the Holders and Accountholders against the Guarantor in respect of senior Guaranteed Notes will constitute direct, unconditional and (subject to the provisions of Condition 11 (*Negative Pledge with respect to Senior Notes*) and the provisions of the Fiscal Agency Agreement) unsecured obligations of the Guarantor and rank *pari passu* in right of payment among the Guarantee, prior to the equity securities of the Guarantor and equally with all other unsecured and unsubordinated debt obligations of the Guarantor (subject, in the event of insolvency, to laws affecting creditors' rights generally).

 - 3.4 Subsequent agreements which limit the subordination effected pursuant to Clause 3.2 or which accelerate payments under this Guarantee in respect of subordinated Guaranteed Notes are not permitted by law. Should payments be effected in respect of subordinated Guaranteed Notes by the Guarantor before the maturity date without legal preconditions

being fulfilled, the amount paid shall be refunded to the Guarantor notwithstanding any agreement to the contrary.

4. **CONTINUING GUARANTEE**

This Guarantee is a continuing guarantee and shall extend to the **ultimate balance of all the obligations of the Guaranteed Issuer** under any Guaranteed Note notwithstanding any settlement of account or other matter or thing whatsoever. It shall remain in full force and effect until all such obligations have been irrevocably paid and satisfied in full. Furthermore, such obligations are additional to, and not in substitution for, any security or other guarantee or indemnity at any time existing in favour of any person.

5. **REINSTATEMENT**

If any payment received by a Holder or Accountholder shall, on the subsequent bankruptcy, insolvency, corporate reorganisation or other similar event of the Guaranteed Issuer, be avoided or set aside under any laws relating to such events, such payment shall not be considered as discharging or diminishing the liability of the Guarantor and this Guarantee shall continue to apply as if such payment had at all times remained owing by the Guaranteed Issuer, provided that the obligations of the Guaranteed Issuer and/or the Guarantor under this Clause 5 shall, as regards each payment made to the Holder or Accountholder which is avoided or set aside, be contingent upon such payment being reimbursed to the Guaranteed Issuer or other persons entitled through the Guaranteed Issuer.

6. **IMMEDIATE RECOURSE**

The Guarantor waives any right it may have of first requiring a Holder or Accountholder to proceed against or enforce any other rights or security against the Guaranteed Issuer or any other person before claiming from the Guarantor hereunder.

7. **COVENANTS**

The Guarantor covenants in favour of the Holders and the Accountholders that it will duly perform and comply with the obligations expressed to be undertaken by it in the Conditions.

8. **DEPOSIT OF GUARANTEE**

This Guarantee shall be deposited with and held by the Fiscal Agent until all obligations of the Guaranteed Issuer and/or in respect of the Guaranteed Notes have been discharged in full. The Guarantor hereby acknowledges the right of every Holder and Accountholder to the production of this Guarantee.

9. **STAMP DUTIES**

The Guarantor shall pay all stamp, registration and other taxes and duties (including any interest and penalties thereon or in connection therewith) which may be payable upon or in connection with the execution and delivery of this Guarantee, and shall indemnify each Holder and Accountholder against any claim, demand, action, liability, damages, cost, loss or expense (including, without limitation, reasonably legal fees and any

applicable value added tax) which it incurs as a result of or arising out of or in relation to any failure of the Guarantor to pay or delay in paying any of the same.

10. **PARTIAL INVALIDITY**

If at any time any provisions hereof is or becomes illegal, invalid or unenforceable in any respect under the laws of any jurisdiction, neither the legality, validity or enforceability of the remaining provisions hereof nor the legality, validity or enforceability of such provision under the laws of any other jurisdiction shall in any way be affected or impaired thereby.

11. **NOTICES**

All notices, demands or other communications by any Holder or Accountholder upon the Guarantor shall be duly served upon the Guarantor if served on the Guarantor by letter at 745 Seventh Avenue, New York, New York 10019.

12. **GOVERNING LAW**

This Guarantee shall be governed by, and construed in accordance with, the law of the State of New York.

IN WITNESS whereof the Guarantor has executed this Guarantee the day and year first above written.

AGREEMENT AND EVIDENCE OF TRANSFER OF CLAIM
LEHMAN PROGRAM SECURITY

TO: THE DEBTOR AND THE BANKRUPTCY COURT

1. For value received, the adequacy and sufficiency of which are hereby acknowledged, **Acta Asset Management ASA** ("**Seller**") hereby unconditionally and irrevocably sells, transfers and assigns to **Barclays Bank PLC** (the "**Purchaser**"), and Purchaser hereby agrees to purchase, as of the date hereof, (a) an undivided interest, to the extent of the **principal amount** specified in Schedule 1 attached hereto (the "**Purchased Claim**"), in Seller's right, title and interest in and to Proof of Claim Number **62822** filed by **Alandsbanken AB (publ)** as custodian and authorized representative of the Creditors (as set forth in the Proof of Claim) (the "**Proof of Claim**") against Lehman Brothers Holdings, Inc., debtor in proceedings for reorganization (the "**Proceedings**") in the United States Bankruptcy Court for the Southern District of New York (the "**Court**"), administered under Case No. 08-13555 (JMP) (the "**Debtor**"), (b) all rights and benefits of Seller relating to the Purchased Claim, including without limitation (i) any right to receive cash, securities, instruments, interest, damages, penalties, fees or other property, which may be paid or distributed with respect to the Purchased Claim or with respect to any of the documents, agreements, bills and/or other documents (whether now existing or hereafter arising) which evidence, create and/or give rise to or affect in any material way the Purchased Claim, whether under a plan or reorganization or liquidation, pursuant to a liquidation, or otherwise, (ii) any actions, claims (including, without limitation, "claims" as defined in Section 101(5) of Title 11 of the United States Code (the "**Bankruptcy Code**")), rights or lawsuits of any nature whatsoever, whether against the Debtor or any other party, arising out of or in connection with the Purchased Claim, (iii) any rights and benefits arising out of or in connection with any exhibit, attachment and/or supporting documentation relating to the Purchased Claim, and (iv) any and all of Seller's right, title and interest in, to and under the transfer agreements, if any, under which Seller or any prior seller acquired the rights and obligations underlying or constituting a part of the Purchased Claim, but only to the extent related to the Purchased Claim, (c) any and all proceeds of any of the foregoing (collectively, as described in clauses (a), (b), and (c), the "**Transferred Claims**"), and (d) the security or securities (any such security, a "**Purchased Security**") relating to the Purchased Claim and specified in Schedule 1 attached hereto.

2. Seller hereby represents and warrants to Purchaser that: (a) the Proof of Claim was duly and timely filed on or before 5:00 p.m. (prevailing Eastern Time) on November 2, 2009 in accordance with the Court's order setting the deadline for filing proofs of claim in respect of "Lehman Program Securities"; (b) the Proof of Claim relates to one or more securities expressly identified on the list designated "Lehman Programs Securities" available on <http://www.lehman-docket.com> as of July 17, 2009; (c) Seller owns and has good and marketable title to the Transferred Claims, free and clear of any and all liens, claims, set-off rights, security interests, participations, or encumbrances created or incurred by Seller or against Seller; (d) Seller is duly authorized and empowered to execute and perform its obligations under this Agreement and Evidence of Transfer; (e) the Proof of Claim includes the Purchased Claim specified in Schedule 1 attached hereto; and (f) Seller has not engaged in any acts, conduct or omissions, or had any relationship with the Debtor or its affiliates, that will result in Purchaser receiving in respect of the Transferred Claims proportionately less payments or distributions or less favorable treatment than other unsecured creditors.

3. Seller hereby waives any objection to the transfer of the Transferred Claims to Purchaser on the books and records of the Debtor and the Court, and hereby waives to the fullest extent permitted by law any notice or right to receive notice of a hearing pursuant to Rule 3001(e) of the Federal Rules of Bankruptcy Procedure, the Bankruptcy Code, applicable local bankruptcy rules or applicable law, and consents to the substitution of Seller by Purchaser for all purposes in the case, including, without limitation, for voting and distribution purposes with respect to the Transferred Claims. Purchaser agrees to file a notice of transfer with the Court pursuant to Federal Rule of Bankruptcy Procedure 3001(e) including this Agreement and Evidence of Transfer of Claim. Seller acknowledges and understands, and hereby stipulates, that an order of the Court may be entered without further notice to Seller transferring to Purchaser the Transferred Claims, recognizing Purchaser as the sole owner and holder of the Transferred Claims, and directing that all payments or distributions of money or property in respect of the Transferred Claim be delivered or made to Purchaser.

4. All representations, warranties, covenants and indemnities shall survive the execution, delivery and performance of this Agreement and Evidence of Transfer of Claim and the transactions described herein.

Purchaser shall be entitled to transfer its rights hereunder without any notice to or the consent of Seller. Seller hereby agrees to indemnify, defend and hold Purchaser, its successors and assigns and its officers, directors, employees, agents and controlling persons harmless from and against any and all losses, claims, damages, costs, expenses and liabilities, including, without limitation, reasonable attorneys' fees and expenses, which result from Seller's breach of its representations and warranties made herein.

5. Seller shall promptly (but in any event no later than three (3) business days) remit any payments, distributions or proceeds received by Seller in respect of the Transferred Claims to Purchaser. Seller has transferred, or shall transfer as soon as practicable after the date hereof, to Purchaser each Purchased Security to such account, via Euroclear or Clearstream (or similar transfer method), as Purchaser may designate in writing to Seller. This Agreement and Evidence of Transfer supplements and does not supersede any confirmation, any other automatically generated documentation or any applicable rules of Euroclear or Clearstream (or similar transfer method) with respect to the purchase and sale of the Purchased Security.

6. Each of Seller and Purchaser agrees to (a) execute and deliver, or cause to be executed and delivered, all such other and further agreements, documents and instruments and (b) take or cause to be taken all such other and further actions as the other party may reasonably request to effectuate the intent and purposes, and carry out the terms, of this Agreement and Evidence of Transfer, including, without limitation, cooperating to ensure the timely and accurate filing of any amendment to the Proof of Claim.

7. Seller's and Purchaser's rights and obligations hereunder shall be governed by and interpreted and determined in accordance with the laws of the State of New York (without regard to any conflicts of law provision that would require the application of the law of any other jurisdiction). Seller and Purchaser each submit to the jurisdiction of the courts located in the County of New York in the State of New York. Each party hereto consents to service of process by certified mail at its address listed on the signature page below.

IN WITNESS WHEREOF, this AGREEMENT AND EVIDENCE OF TRANSFER OF CLAIM is executed this November 21, 2010.
